

Graduate School of Urban Science Curriculum

Master's Course

Social System

Politics and Economics

Special Studies I for Politics and Economics

Special Studies II for Politics and Economics

Urban Policy

Special Studies I for Urban Policy

Special Studies II for Urban Policy

Information Mathematics

Special Studies I for Information Mathematics

Special Studies II for Information Mathematics

Service Science(Common Subjects)

Special Studies I for Service Science

Special Studies II for Service Science

Special Research I for Social System

Special Research II for Social System

Special Research III for Social System

Special Research IV for Social System

Urban Creation

Comprehensive Environment

Special Studies I for Comprehensive Environment

Special Studies II for Comprehensive Environment

Infrastructure Planning and Built Environment

Special Studies I for Infrastructure Planning and Built Environment

Special Studies II for Infrastructure Planning and Built Environment

Information Infrastructure

Special Studies I for Information Infrastructure

Special Studies II for Information Infrastructure

Service Science(Common Subjects)

Special Studies I for Service Science

Special Studies II for Service Science

Special Research I for Social System

Special Research II for Social System

Special Research III for Social System

Special Research IV for Social System

Doctoral Course

Social System

Politics and Economics

Advanced Studies for Politics and Economics

Urban Policy

Advanced Studies for Urban Policy

Information Mathematics

Advanced Studies for Information Mathematics

Advanced Research I for Social Information System

Advanced Research II for Social Information System

Advanced Research III for Social Information System

Advanced Research IV for Social Information System

Advanced Research V for Social Information System

Advanced Research VI for Social Information System

Advanced Research I for Human Information System

Advanced Research II for Human Information System

Advanced Research III for Human Information System

Advanced Research IV for Human Information System

Advanced Research V for Human Information System

Advanced Research VI for Human Information System

Urban Creation

Comprehensive Environment

Advanced Studies for Comprehensive Environment

Infrastructure Planning and Built Environment

Advanced Studies for Infrastructure Planning and Built Environment

Information Infrastructure

Advanced Studies for Information Infrastructure

Advanced Research I for Social Infrastructure Creation

Advanced Research II for Social Infrastructure Creation

Advanced Research III for Social Infrastructure Creation

Advanced Research IV for Social Infrastructure Creation

Advanced Research V for Social Infrastructure Creation

Advanced Research VI for Social Infrastructure Creation

Advanced Research I for Urban Environment Creation

Advanced Research II for Urban Environment Creation

Advanced Research III for Urban Environment Creation

Advanced Research IV for Urban Environment Creation

Advanced Research V for Urban Environment Creation

Advanced Research VI for Urban Environment Creation
